The Blue Pike Farm Guarantee & Disclaimer.

Join now and I guarantee you will pay attention to the weather like never before. The lunar moon phases and seasonal changes will be fraught with new meaning for you. You will remember the last frost date in the spring and the first in the fall like they are your children's birthdays. You will become an amateur entomologist and will begin to identify the critters that sometimes tag along for the ride in the food we grow. You will learn to view the occasional insect in your share as a protein supplement and confirmation that we don't spray the bugs with things you wouldn't want your family to eat.

Life is too short to eat the same old stuff meal after meal, week after week. If you are interested in participating in a grand urban food growing experiment then this C.S.A. may be for you. When you look at your weekly share and are amazed at what can be grown on virgin backfill in the city (maybe including some leaves and bark early in the season) then the Blue Pike Farm C.S.A. may be right for you.

I have read the Blue Pike Farm 2011 C.S.A. Prospectus, particularly the disclaimer. While my need for fresh, local food has clearly clouded my judgment and addled my brain I understand and, like totally agree to accept all the risks of participation in the B.P.F. 2011 C.S.A. I can't wait for the season to begin. Please, please accept my application. If necessary I'm prepared to offer bribes to Casey the farm dog to be accepted.
